

SNOW HANDLING

GRASSHOPPER DRIFTBUSTER SNOWTHROWERS

- No-clog, heavy-duty, high-speed augers and manual discharge spout that rotates 180 degrees to throw snow up to 30 ft.
- PTO-driven 48- or 60-in. snowthrower mounts in place of standard mowing deck, retaining maneuverability, reducing time and labor and increasing efficiency
- Optional winter enclosure and 16,000-BTU/hr. heater shields operator from harsh conditions

SCHULTE BX SERIES SKID-STEER SNOW BLOWERS

- Designed to fit all skid-steers and skid-steer mounts
- 22-in., 4-paddle fans with open center and cupped-blade design that concentrates snow to center and back of fan
- Single, open auger more efficient than competitive double-auger designs
- Gear-driven rotator with high-molecular plastic bearing surface ensures smooth rotation in cold conditions
