

Product Focus:

Tillers

Whether hand-held or pulled/pushed by a tractor, tillers are definitely worth their weight. They can coax grass and plants out of hard, compacted clay and can help grow vegetation in even the most uninhabitable soil.

Just circle the corresponding number on the reader service card, and drop it in the mail. In a few weeks, you'll have all the information you need to host any type of plant.

Bercovac

The front-mount, 50-inch tiller for ATVs features a 9 hp motor, a 2-inch wide frame that adjusts in length from 67 to 105 inches, 28 tines and universal mount.

Free info! Circle 721 on the card.

Honda

The FC600 with 163cc engine offers a one-touch transport wheel, three-position handle adjustment, reinforced handlebar and multi-functional front guard.

Free info! Circle 725 on the card.

STEC

The STECAVATOR is a reverse rotation tiller that comes in a variety of sizes and in both a standard and heavy-duty range. It creates a seedbed in one pass.

Free info! Circle 729 on the card.

CEAttachments

The EDGE Roto Tiller offers bidirectional shaft rotation, direct-drive hydraulic motor, replaceable tines that cut up to 6 inches deep and offset mount.

Free info! Circle 722 on the card.

Land Pride

The RTR20 Series comes in 64 and 72-inch cutting widths, with offset adjustable up to 18 inches, 17-inch rotor swing diameter and adjustable skid shoes.

Free info! Circle 726 on the card.

Turf Teq

The 1305PR Power Rake features a 13 hp Honda engine, fully hydrostatic forward/reverse transmission, differential lock and 36-inch-wide drum that can be angled.

Free info! Circle 730 on the card.

FEATURED TILLERS Cub Cadet

The RT65 is powered by a 190cc Honda engine and has an 18-inch tilling width, 13-inch dual-directional tines, adjustable depth bar and 16-inch pneumatic wheels.

Free info! Circle 719 on the card.

Coneqtec/Universal

RT series rotary tillers have a patented roll-out depth control and high-torque, direct-drive motor. Available in low and high-flow models from 52 to 73 inches.

Free info! Circle 723 on the card.

MacKissic

The Mid-Tine Merry Tiller features engine weight directly over the tines and heavy-duty transmission. The rear-tine model has two tilling speeds with reverse and transport.

Free info! Circle 727 on the card.

Ventrac

The KL480 front-end attachment has skid shoe adjustments that facilitate cutting depth, and 24 carbon tines are sequentially spaced to maximize the cutting force.

Free info! Circle 731 on the card.

Husqvarna

The DRT900LS features a 19-inch cultivating width, 6.5-inch depth, heavy tread tires, forward and reverse gears, and dual-rotating tines for deep tilling.

Free info! Circle 720 on the card.

Echo

The TC-210 features a 21.2cc Power Boost Vortex engine, electronic ignition, purge pump carburetor, water-resistant stop switch and four 10-tooth tines.

Free info! Circle 724 on the card.

Shindaiwa

The CT2510 with 24.5cc hybrid engine weighs 28.4 pounds and has a vibration-reducing grip, padded lift handle, two-stage air filter and 250 RPM tine speed.

Free info! Circle 728 on the card.

Weed Badger

Manufactures precision in-row tillers for safe, economical weed control. Add interchangeable, optional tools and attachments to mow, prepare seedbeds and more.
